

## WANTED: VIETNAM BOOKS TO DONATE TO SCHOOLS

The schools which have invited us into their classrooms; Mead High, Green Mountain High and Dakota Ridge High, have shown a great appreciation and enthusiasm for our members who shared their experiences and service. The Board of Directors have suggested that there is another way for our Chapter to have a positive impact on these students. Most school libraries are woefully lacking books about the Vietnam War and the Vietnam Era.

Many of our members probably have a collection of books which are based on factual accounts of the war that would provide a more accurate perspective than what is found in the textbooks. If you are willing to donate books to these schools, it will make a difference in how they view what effect the Vietnam War had on our troops and the American public.

Every book donated will provide these students with information not now available to them about the Vietnam War. A significant, long-term benefit will be realized because the books will continue to be accessible for many years. Also check with your family and friends to see if they have any books to donate and bring them to a Chapter meeting in September, October or November.

Jim Miles will collect the books at each Chapter meeting.
